

Every  
30 seconds,  
a baby is  
stillborn  
in Africa.

**Most** of these deaths  
are **preventable**.

The **State of Africa's  
Stillbirths Report** is the  
first Africa-wide stocktake  
exposing the scale of the crisis  
and the solutions to end it.

Scan to access the report  
and join the call to action.
